All Fun and Games

Game Booth Day

A proud tradition of G.T., the Game Booth Day was successfully held by the Student Union on 20 January 2023.

Together with their class teachers, G7 to G11 students organized a total of 22 game booths in their own classrooms. Students showed their creativity by designing a wide range of fun games and decorating their booths with many interesting themes.

A total of 141 pre-G7 students, who will start their secondary school life at G.T. this August, participated in the Game Booth Day. They enjoyed the afternoon and won many small prizes!

Students on an excursion to the Rayong Botanic Garden, kayaking to sightsee Rayong's wetland ecology

G.T. students delivering ideas to students from other schools

The 6th Kamnoetvidya Science Academy Invitational Science Fair (KVIS-ISF) is a science fair organized by KVIS, Thailand from 24th to 27th January, 2023. Hundreds of students from 11 schools around the globe engaged in various science activities. The highlight is the oral and poster presentation, in which our students presented their findings about our scientific research—*Correlations between Solubility of Impurities and Melting Point of Mixtures: Case Study on Optimizing the Use of Salt on Melting Road Ice*.

Spraying salt to melt roadside accumulated snow is a common practice in cold regions. However, using the wrong type and amount of salt will be ineffective. Our research team, therefore, experimented on 8 types of common salt with different concentrations. Our result is that $ZnCl_2$ was the most effective salt among the ones we experimented with. It also had the highest solubility among all.

The students also got to participate in various cross-cultural exchanges. They had the chance to showcase Hong Kong's Pop Culture in the 90s by showing off Aaron Kwok's dance steps.

GT Alumni New Year Gathering & Sport Competition

Prof. Li giving a speech to the alumni to reignite the G.T. spirit

Principal Dr. Tam giving the awards to football competition winners

On 28th January 2023, the PE Department and the Alumni Association held the G.T. Alumni New Year Gathering & Sport Competition for alumni and teachers. We invited more than 60 alumni, 30 teachers and 10 G11 students to gather and play sports in our mother school. There were five types of sport competitions for alumni and teachers which were football, basketball, volleyball, badminton and table tennis. The results are shown in the table below. At night, a BBQ gathering was held in the playground. The Alumni Association prepared presents for the lucky draw. Endearing memories and fun have been created in the event.

Third Language in GT Primary

G.T. College Primary Section offers French and Spanish to G5 and G6 students. In addition, French, Spanish, Japanese and Korean are offered in Talent Classes to all G4 to G6 students as well. During these months, GT students have been able to enjoy French and Spanish languages and learn about their culture in a joy-filled manner.

▲ French Talent Class singing “Minuit Chrétiens”

French and Spanish Christmas Songs

In December 2022, students from French Talent Class went onto stage and shared a beautiful Christmas carol in French named “Minuit Chrétiens” (O Holy Night) with us. The whole school had the opportunity to enjoy a festive Christmas song called “Feliz Navidad a todos” (We Wish You a Merry Christmas) together. In addition, G5 and G6 students learned to write Christmas greetings and wrote Christmas cards for teachers.

▲ G5 and G6 students’ Christmas cards with French and Spanish greetings

▲ New Year celebration with Spanish Gifted Class

▲ French Talent Class celebrating “l’Épiphanie” (Epiphany)

Celebrate New Year in Spanish and French way

In January, students of French Talent Class were celebrating “l’Épiphanie” (Epiphany) / “la Fête des Rois” (the Festival of the Kings) together, while students in Spanish Talent Class and Gifted Class wrote blessings for one another and their families in Spanish, and learned about New Year traditions in Spain and other Spanish-speaking countries and areas.

Third Language morning assembly

In February, students of Spanish Talent Class and students of French Talent Class went onto the big screen and participated in the production of two clips for promotion of Spanish and French language respectively. Understanding and acquiring the language in acting the roles and characters, students have enjoyed the brainstorming, filming and production process all along. The video clips which are showcasing students’ linguistic talents in Spanish and French have been shown on the big screen on February 22 during morning assembly. Parents and students enjoyed the screening very much.
